- B. NOTE: In accordance with the Ohio Revised Code--Section 009.44, a person employed, other than as an elective officer, by the state or any political subdivision of the state, earning vacation credits currently, is entitled to have his/her prior service with any of these employers counted as service with Central Sate University for the purpose of computing the amount of his/her vacation leave. See ORC Section 009.44 for specifics.
- C. Regular part-time or temporary employees are not eligible for the paid vacation benefit.
- D. Unused vacation is not considered in the severance pay for an employee who discharges or is discharged with less than 12 months continuous full-time employment.
